

Little Joe
by Bryant Oden
Songdrops.com

Yesterday while I was in school could you tell me why

Someone took my caterpillar Little Joe and replaced him with a butterfly

So I let the butterfly go,

She was happy to be free

But where, oh where is my little Joe?

Someone's playing tricks on me.

Little Joe, where did he go?

If you see him let me know

He looks just like a glow worm

Without the glow

Where's my Little Joe?

Yesterday while I was in school could you tell me why

Someone took my caterpillar Little Joe and replaced him with a butterfly

Someone took my caterpillar Little Joe and replaced him with a butterfly
